

FRANCIS OPOGAH

2b Savage Lane., Surulere Lagos • 07055882344 • Francisopogah@gmail.com

SUMMARY

Goal-driven engineering professional with hands-on experience in backend development, team collaboration, and technical problem-solving. Adept at streamlining operations and building systems that improve efficiency and reliability. Passionate about leveraging engineering and software skills to deliver scalable solutions, with a vision to drive innovation in the tech space.

WORK EXPERIENCE

Software Developer , GMT Nigeria Ltd

Jan 2023 - Present

- Work closely with designers and back-end developers to implement visual and interactive elements that users engage with.
 - Ensure the technical feasibility of UI/UX designs and optimize them for maximum speed and scalability.
 - Assist in the implementation of security measures to protect web applications from potential threats and vulnerabilities.
 - Ensure the best possible performance, quality, and responsiveness of applications.
 - Provide technical support and troubleshooting assistance for web applications, including diagnosing and resolving user-reported issues.
 - Help maintain code quality, organization, and automation.
-

EDUCATION

Aug 2020 - Aug 2024

Bachelor of Science in Computer Science Mathematics and Statistics

Caleb University

- Relevant coursework in Software Engineering, Data Structures, Project Management.
-

ADDITIONAL INFORMATION

- **Technical Skills:** Project Management
- Languages & Tools:** C#, .NET, SQL, Git, HTML, CSS, JavaScript, React
- Strong analytical and troubleshooting skills
- Experience in integrating diverse technology platforms and product brands
- Excellent communication abilities
- Backend Development: REST APIs, Database Design, System Integration
- Additional Skills: Project Management, Problem Solving
- Languages Spoken: English
- Career Goals: Transition into a full-time software engineering position, focusing on backend systems and scalability.
- Interests: Software development, logistics technology, financial independence, and travel.
- Certifications:
 - Introduction to Cloud Computing – IBM
 - Using Python to Interact with the Operating System – Google
 - Crash Course on Python – Google
 - Google Analytics & Digital Marketing Certification – Google
 - Database Administration – CompTIA
 - Introduction to Web Development with HTML, CSS & JavaScript – IBM
